SAFETY TERMS AND CONDITIONS

1. APPLICATION

1.1 These terms and conditions ("General Conditions") apply to the use of the KIPPY EVO GPS for pets ("Device" or "Kippy") produced by Kippy S.r.l. ("Company"), and of its functions, including the tracking and reporting systems ("Services") by the consumer ("Customer").

1.2 Unless otherwise and expressly agreed in writing by the authorized representatives of the Company, these Terms constitute the entire agreement between Company and Customer regarding the use of the device, and supersede all prior written or oral representations, agreements, understandings and commitments between Company and Customer.

1.3 These Terms and Conditions shall prevail at all times on different conditions imposed by the Customer from time to time, even if such conditions (i) were notified to the Company prior to the delivery of the General Conditions to the Customer; (ii) expressly exclude the application of the General Conditions and / or (iii) are not disputed by the Company.

2. ACCEPTANCE

2.1 The latest version and other updates of these General Conditions is available on www.kippy.eu. These General Conditions shall be deemed accepted by the Customer at the time of the App registration, as specified in paragraph 4 below.

3. DESCRIPTION OF THE DEVICE PRELIMINARY OPERATIONS

3.1 For the proper functioning of the Device, the required mobile data connection will be supplied via a SIM card, in accordance to conditions specified in chapter 5 below.

3.2 The Device consists of the following components:

- Kippy EVO;
- Velcro for attachment to the collar;
- USB cable with support base;
- SIM data.

3.3 The Company does not assume any responsibility for the malfunction of the Device, nor for the safety of the Customer and third parties, in case the former uses accessories different than those included in the package.

3.4 In order to use the Device, the Customer must first charge the battery. Prior to the first use, it is necessary to charge the battery for no less than 8 hours. The Customer must wait for the charge completion signal before disconnecting the device from the charger.

3.5 Subsequent charges must have an approximate duration of 4 hours each. The Customer must wait for the charge completion signal before disconnecting the device from the charger.

3.6 After the battery has been charged, the Customer must ensure that the Device is on by checking the indicator located at the front of the Device.

3.7 In order to use the Device, the Customer must install the dedicated "App" on his/her Smartphone and follow the instructions. The app can be downloaded for free from Google Play and iTunes stores, please verify on the stores the compatibility with your device. The app allows registered customers to manage more devices that will require a subscription to work. If the Customer does not have a Smartphone or tablet, he/she can access the app from the tab myKippy.eu.

3.8 After the Device has been fastened to the collar, the Customer must take care to monitor the pet, who must not show signs of discomfort or impatience. Only when the pet gets used to the device, the latter can be used without monitoring by the Customer.
3.9 If the pet shows discomfort, immediately remove the Device and re-apply after reasonable time has elapsed. In any case, it is advisable to periodically remove the Device from the collar.

4. REGISTRATION

4.1 To activate the Device, the Customer, at the time of activation, must insert the code listed on the Device. Upon activation, the Customer must enter true and accurate data and keep his/her username and password confidential. The Customer will be solely responsible for the activities carried out on or through his/her account and promptly notify the Company through its Customer Support service in case of unauthorized access or use.

5. TRACKING SYSTEM AND SIM DATA

5.1 The location system uses GPS system, phone cells triangulation and Wi-Fi, offering coverage in Europe ("Coverage Area"). The Customer shall not use the device outside of the Coverage Area. The tracking system is made possible thanks to the use of a SIM card that provides a mobile data connection under the following conditions: 2G network coverage from the service provider used in a given country.

5.2 The Company assumes no responsibility in the event that the Customer uses the device outside of the Coverage Area and, even within the Coverage Area, the GPS or GSM/GPRS signals are weak or nonexistent, and, therefore, accurate tracking is not possible.

6. CONDITIONS OF USE AND STORAGE

6.1 The Device can be used only on small-, medium- and large-size domestic animals, but, in any case, it depends on the level of comfort of customer's pet to have a collar.

6.2 The device has an IP67-certification, resistant to quick immersions with limited depth. We recommend not to leave the Device submerged for prolonged periods of time. Damages caused by water can be easily identified and void the Original Warranty, as further described in chapter 10 below.

6.3 The Customer shall not store the device in dusty areas, on inclined surfaces or other areas that may be exposed to shocks and falls.

6.4 The Customer shall not store the Device in hot areas (at temperatures greater than 60°C):

- a. the Device can explode if left inside a closed vehicle or in oth-

er enclosed environments where the temperature exceeds 60°C;
b. the Device must not be exposed to direct sunlight for long periods (such as on the a vehicle dashboard);
c. the working temperature of Device is suggested to be between 0°C and 40° C.

6.5 The Customer shall not store the device near magnetic fields or near/on or inside radiator, microwave ovens, hot cooking equipment or high-pressure containers, as they may damage the battery or the Device may overheat and cause a fire.

6.6 To preserve battery life, the Customer must:

- a. avoid keeping the Device connected to the charger after the charge signal has sounded, since overcharging may compromise the battery performance;
- b. recharge the batteries before use after a prolonged period of inactivity; batteries are subject to self-discharge phenomena which implies that batteries discharge slowly even if the Device is not turned on;
- c. unplug the charger from the power source when not in use;
- d. only use chargers and accessories that comply with European standards or are supplied in the package, since the use of generic chargers could cause serious performance degradation or damage the Device.

6.7 The Customer shall not:

- a. put the Device in the mouth, as it may be damaged or cause injury;
- b. disassemble or make changes to the Device: any change or tampering will void the Warranty;
- c. pierce the Device, as it may cause fire or explosions;
- d. paint or affix decals on the Device: paints or adhesives could damage the surface of the Device.

6.8 The Customer must clean the Device and its components and accessories with a soft cloth, avoiding the use of chemicals or detergents.

6.9 The use of the Device by children is not permitted: the Device is not a toy. The Customer must always supervise children if the latter use the Device.

6.10 The Customer shall not use the Device for purposes other than those listed in the General Conditions.

6.11 The Customer shall not use the Device outside of the Coverage Area.

7. SAFETY

7.1 In order to avoid injuries or damage the Device, the Customer shall comply with the following safety instructions.

7.2 To prevent electric shock, explosions and fires, the Customer shall not:

- a. use damaged power cables or plugs, and not pull sockets;
- b. disconnect the charger by pulling the cord;
- c. touch the power cord with wet hands;
- d. bend or damage the power cord;
- e. charge the Device while it is still attached to the pet;
- f. touch the Device with wet hands while charging the battery;
- g. short-circuit the charger or the battery;

EN

wenden, unabhängig vom Ergebnis des Verfahrens für außergerichtliche Beilegung von Streitigkeiten, sowie die Möglichkeit, sofern die Voraussetzungen hierfür vorliegen, eine außergerichtliche Streitbeilegung hinsichtlich der Konsumverhältnisse einzureichen, mittels eines Antrags auf Verfahren, gemäß Teil V Buchstabe II bis des Verbrauchergesetzes.

13. Der Kunde, der in einem Mitgliedsstaat der Europäischen Union seinen Wohnsitz hat, ausgeschlossen Italien, kann außerdem für jeden Streitfall bezüglich der Anwendung, Ausführung und Interpretation der vorliegenden Allgemeinen Bedingungen ein europäisches Verfahren für geringfügige Forderungen einleiten, gemäß der EG-Verordnung Nr. 861/2007 vom 10. Juli 2007, unter der Bedingung, dass der Streitwert, ausschließlich Interessen, Rechte und Gebühren, Euro 2.000,00. nicht überschreitet. Die Verordnung ist auf der Seite www.eur-lex.europa.eu aufrufbar.

14. INFORMATIONEN ZUR PRODUKTSICHERHEIT

14.1 Hochfrequenzposition

Das Gerät verfügt über einen Transceiver. Wenn es eingeschaltet ist, erhält und überträgt es Hochfrequenz-Energie. Wenn das Gerät benutzt wird, entscheidet das für die Verbindung zuständige System über die Übertragungsstärke.

14.2 Spezifische Absorptionsrate (SAR)

Die SAR-Grenze beträgt 2W/Kg und Kippy EVO entspricht diesen Anforderungen. Überprüfen Sie die maximale SAR auf der letzten Seite.

14.3 Maximale Sendeleistung:

Letzte Seite prüfen.

15. EU – KONFORMITÄTERKLÄRUNG

15.1 Hiermit erklärt, Kippy srl, dass der Funkanlagenhersteller Kippy EVO der Richtlinie 2014/53/EU entspricht.

Der vollständige Text der EU-Konformitätserklärung ist unter den folgenden Internetadressen verfügbar: www.kippy.eu

16. BEDIENUNGSANLEITUNG

16.1 Die Bedienungsanleitung mit Konformitätserklärung ist online abrufbar unter: www.kippy.eu
